**OSOYOOS INDIAN BAND**

Year ended March 31, 2018

## MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

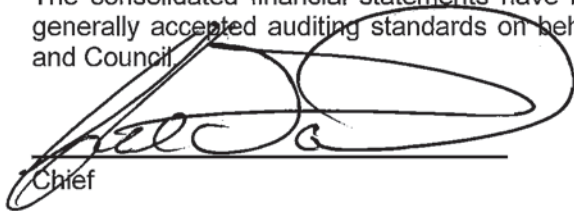

The accompanying consolidated financial statements of Osoyoos Indian Band ("OIB") and all the information in this report are the responsibility of management and have been approved by Chief and Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards. Financial statements are not precise since they include certain amounts based on estimates and judgments. When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances, in order to ensure that the consolidated financial statements are presented fairly, in all material respects, including the consolidated financial position of OIB and the results of its consolidated operations and its consolidated cash flows.

OIB maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and OIB's assets are appropriately accounted for and adequately safeguarded.

Chief and Council are responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the consolidated financial statements. Chief and Council review OIB's consolidated financial statements and recommend their approval. Chief and Council meet periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the annual report, the consolidated financial statements and the external auditors' report. Chief and Council takes this information into consideration when approving the consolidated financial statements for issuance to the Members. In addition, Chief and Council also consider the engagement of OIB's external auditors.

The consolidated financial statements have been audited by KPMG LLP in accordance with Canadian generally accepted auditing standards on behalf of the Members. KPMG LLP have full access to Chief and Council.

## INDEPENDENT AUDITORS' REPORT

To Chief and Council and Members of Osoyoos Indian Band

We have audited the accompanying consolidated financial statements of Osoyoos Indian Band ("OIB"), which comprise the consolidated statement of financial position as at March 31, 2018, the consolidated statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

### ***Management's Responsibility for the Consolidated Financial Statements***

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

KPMG LLP, is a Canadian limited liability partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International, a Swiss cooperative. KPMG Canada provides services to KPMG LLP.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our **qualified audit opinion.**

***Basis for Qualified Opinions, including Basis for Qualified Opinion on Results of Operations and Cash Flows***

OIB's investments in business enterprises (note 5) as at March 31, 2017 and its equity in earnings from business enterprises were not audited by OIB's predecessor auditor, which resulted in the predecessor auditor qualifying their audit opinion on OIB's March 31, 2017 financial statements. We were not engaged to audit, review, or apply any procedures on OIB's investments in business enterprises as at and for the year ended March 31, 2017. As the investment in business enterprises as at March 31, 2017 enters into the determination of equity in earnings from business enterprises for the year ended March 31, 2018, we were unable to obtain sufficient appropriate audit evidence related to equity in earnings from business enterprises for the year ended March 31, 2018.

Our opinion on the consolidated financial statements as at and for the year ended March 31, 2018 is also modified because of the possible effects of this matter on the comparability of the current period figures to the prior period figures.

***Unmodified Opinion the Financial Position***

In our opinion, the accompanying consolidated statement of financial position presents fairly, in all material respects, the consolidated financial position of OIB as at March 31, 2018, in accordance with Canadian public sector accounting standards.

***Qualified Opinion on the Results of Operations and Cash Flows***

In our opinion, except for the possible effects of the matter described in the "Basis for Qualified Opinions, including Basis for Qualified Opinion on Results of Operations and Cash Flows" section of our auditors' report, the accompanying consolidated statements of operations and accumulated surplus, changes in net financial assets and cash flows present fairly, in all material respects, the results of OIB's consolidated operations, consolidated changes in net financial assets and consolidated cash flows for the year ended March 31, 2018, in accordance with Canadian public sector accounting standards.

***Comparative Information***

Without modifying our opinion, we draw attention to note 13 to the consolidated financial statements which indicates that the comparative information presented as at and for the year ended March 31, 2017, has been restated including the opening accumulated surplus as at April 1, 2016, which was derived from the consolidated financial statements as at and for the year ended March 31, 2016.

The consolidated financial statements of OIB as at and for the year ended March 31, 2017, excluding the restatement described in note 13 to the consolidated financial statements, were audited by another auditor who expressed a qualified opinion on those financial statements on August 2, 2017.

As part of our audit of the consolidated financial statements as at and for the year ended March 31, 2018, we audited the restatement described in note 13 to the consolidated financial statements that was applied to restate the comparative information presented as at and for the year ended March 31, 2017. In our opinion, the restatement is appropriate and has been properly applied.

We were not engaged to audit, review, or apply any procedures to the March 31, 2017 or previous consolidated financial statements, other than with respect to the restatement described in note 13 to the consolidated financial statements. Accordingly, we do not express an opinion or any other form of assurance on those financial statements taken as a whole.

### (c) Cash and cash equivalents:

Cash and cash equivalents includes, cash and investments in highly liquid money market funds, and which are readily convertible to cash.

### (d) Revenue recognition:

Restricted funding received which relates to a subsequent fiscal period or which stipulations that give rise to an obligation are reported as deferred revenue until the resources are used for the purpose or purposes specified and/or the stipulations giving rise to an obligation have been met.

## 1. Basis of presentation and significant accounting policies (continued):

### (e) Tangible capital assets:

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Tangible capital assets under construction are not amortized until the asset is available for use.

Tangible capital assets are amortized over their expected useful lives as follows:

Asset	Basis	Amount
Buildings	Declining balance	4%
Infrastructure	Declining balance	4-8%
Equipment, computer and automotive	Declining balance	20-100%

When management determines that a tangible capital asset no longer contributes to OIB's ability to provide goods and services or that the value of future benefits associated with the tangible capital asset is less than its net book value, the cost of the tangible capital asset is written down to its net recoverable amount.

All intangible assets and items inherited by the right of OIB, such as land, forested, water, natural resources and cultural and historic assets are not recognized in OIB's consolidated financial statements. Purchased artwork and cultural assets are recorded at cost and are not amortized.

## 1. Basis of presentation and significant accounting policies (continued):

### (f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of financial and non-financial assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Significant areas requiring management estimates include the recoverable amount of accounts receivable and investments, and the useful lives of and net future economic benefits associated with tangible capital assets. Management reviews these estimates on a periodic basis and at least annually. Where necessary, management makes adjustments to these benefits prospectively.

### (g) Financial instruments:

Financial instruments are initially classified upon initial recognition as a fair value or an amortized cost instrument. Instruments classified as fair value instruments include investments in equity instruments that are quoted in an active market, and any other items elected by OIB to be recorded at fair value. All other financial instruments are recorded at amortized cost. Transaction costs directly attributable to the acquisition or issue of a financial instrument are added to the amortized cost or expensed if related to instruments recorded on a fair value basis. The effective interest rate method is used to measure interest for financial instruments recorded at amortized cost.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the statement of operations. For instruments measured at fair value, unrealized gains or losses are adjusted through the statement of remeasurement gains and losses. When the asset is sold, the unrealized gains and losses previously recognized in the statement of remeasurement gains and losses are reversed and recognized in the statement of operations. As at March 31, 2018, OIB does not have any financial instruments that required or were elected to be recorded at fair value. Accordingly a statement of remeasurement gain (loss) has not been presented.

Surplus	\$ 7,080,615

Adjustments to the initial budget consists of significant adjustments to revenue related to capital funding postponement, other minor adjustments in revenue and expenses, and the refinement of allocation between accounts.

### (i) Segmented disclosure:

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information to achieve the objectives of the standard. OIB has determined the most appropriate basis for classifying segments is by program. Segmented disclosures are provided in note 18 and Schedule 3 to the consolidated financial statements.

## 2. Restricted cash and cash equivalents:

OIB maintains its cash balances in several financial institutions in British Columbia. The Canada Deposit Insurance Corporation (CDIC) insures each of these accounts. The aggregate funds held in each institution may exceed the CDIC insured limit from time to time and specific funds held by each institution may not be covered by CDIC Insurance. Management does not anticipate any material effect on the consolidated financial position of OIB as a result of these concentrations.

Certain cash and cash equivalents has been internally restricted by OIB or externally restricted by federal or provincial government authorities for the following specific purposes. ## 13. Restatement - accounting error corrections:

The comparative figures as at and for the year ended March 31, 2017 have been restated for the following accounting error corrections identified in the preparation of the March 31, 2018 consolidated financial statements:

(a) Consolidation of government not-for-profit organizations:

OIB's March 31, 2017 consolidated financial statements did not include the assets and liabilities, revenue and expenses of Sen\*Pok\*Chin Education Society and Inkameep Preschool / Day Care Society. As these entities are appropriately considered government not-for-profit organization, in accordance with PSAB, these entities should have been fully consolidated in OIB's March 31, 2017 consolidated financial statements.

The consolidation of Sen\*Pok\*Chin Education Society and Inkameep Preschool / Day Care Society resulted in a net increase in April 1, 2016 accumulated surplus of \$1,713,885 and a net increase in surplus for the year ended March 31, 2017 of \$121,877

## 13. Restatement - accounting error corrections (continued):

(b) Capitalization of water infrastructure project costs:

Expenses for the year ended March 31, 2017 previously included capital costs related to the construction of a water infrastructure project. As the costs are capital in nature, the March 31, 2017 financial statements have been restated to reflect \$820,783 as an addition to tangible capital assets (construction in progress) and a reduction in public works expense. The restatement increased surplus for the year ended March 31, 2017 by \$820,783.

(c). Social Housing mortgage proceeds and capital costs:

OIB's March 31, 2017 consolidated financial statements incorrectly included \$1,076,086 of mortgage proceeds in Canada Mortgage and Housing Corporation revenue and \$622,079 of capital costs in Social Housing expense. OIB's March 31, 2016 consolidated financial statements incorrectly included \$454,007 of capital costs in Social Housing expense. The prior year figures have been restated to remove these amounts from the statement of operations and opening accumulated surplus. The net impact of the restatements resulted in an increase in April 1, 2016 accumulated surplus of \$454,007 and a net decrease in surplus for the year ended March 31, 2017 of \$454,007.

(d) Business enterprises adjustments:

The March 31, 2017 consolidated financial statements have been corrected to adjust investments in certain government business enterprises and government business partnerships to agree to their financial statements. The restatement resulted in a net increase in April 1, 2016 accumulated surplus of \$131,031.

(e) Property taxation accrual to March 31:

OIB's March 31, 2017, and prior, consolidated financial statements reflected property taxation revenue for a twelve month period ended December 31. In accordance with PSAB, the prior year figures have been restated to reflect property taxation revenue to OIB's yearend date of March 31. The net impact of the restatement resulted in a net increase to April 1, 2016 accumulated surplus of \$579,406 and a net increase in surplus for the year ended March 31, 2017 of \$26,503.

Credit risk refers to the risk that counterparty may default on its contractual obligations resulting in a financial loss. Cash equivalents are held in interest bearing cash accounts or money market funds readily convertible to cash.
